NOTES:
- Showing only half the pattern.
- Total fabric needed for one gown is 59-5/8 In X 74 In
- Make the pattern by either printing it full scale or follow the steps on the next pages.
MAKE PATTERN: STEP 1
- Get a piece of paper at least 60 in x 37 in
- Draw out the rectangles shown here
MAKE PATTERN: STEP 2
- Add the curved and angled lines using the rectangles
- Shapes of curved lines can be approximate

ADD ARM SEAM LINE

ADD

ADD ROUND IN NECK HOLE

ADD ROUND IN NECK HOLE

ADD SO CORNER DOESN'T TEAR

SCALE 0.100
MAKE PATTERN: STEP 3
- Cut the perimeter
- If desired, add perforation to make gown removal tear-away
MAKE GOWN: STEP 1
- Cut the fabric to 60 in x 74 in
- Fold the fabric in half to have a double layer 60 in x 37 in
- Align the long edge of the pattern with the fabric fold line
- Align the bottom short edge of the pattern with the bottom of the fabric
- Trace the pattern to the fabric
MAKE GOWN: STEP 2
- Cut the fabric to shape
- Unfold the fabric
MAKE GOWN: STEP 3
- Fold down the top through the center of the neck hole and thumb hole
- Bond edge at bottom of sleeve
NOTE: This page is 70 ln X 48 ln
