QIPMO Administrator Support Group

Information Sharing Series
June 18, 2020
Meeting 13

Topics for Today

• CMP’s Rescinded
• MO COVID-19 Visit Guidance
• MO COVID-19 Communal Dining and Group Activity Guidance
• Testing Funds
**F884 Deletion For June 1-June 7, 2020**

According to the [Long-Term Care Leader](http://www.longtermcareleader.com/2020/06/nhsn-reporting-citations-and-cmps.html), CMS is rescinding CMP’s imposed for the dates of June 1-June 7, 2020. If you received a notification of a deficiency and then a recension the explanation is “The letter indicates that due to its internal reviews of the NSHN data submissions, CMS is deleting the F884 deficiency and rescinding the CMP imposed for the June 1-June 7, 2020 reporting week.”

Also included with the article is a sample IIDR request letter.

---

**MO Visitor Guidance Considerations 06/15/2020**

- No cases or two incubation periods (28 days total) since last facility acquired case
- Limit to residents who:
  - Negative, asymptomatic, or not suspected of COVID-19
  - Released from isolation following a positive case

  - Attestation
  - The State of Missouri, at its sole discretion, may:
    a. audit all invoices, in a manner determined by the State of Missouri;
    b. reject any invoice for good cause;
    c. make invoice corrections and/or changes with appropriate notification to the Facility; and
    d. recover from the Facility any funds for which adequate verification and documentation of expenditures, if required, is not maintained.

LTCR 06/17/2020

- Correction to the link to order testing supplies from the state public health laboratory:
  - The below message has been updated to reflect a change in the link to order testing supplies from the state public health laboratory.
- To assist in this preparation, testing kits may be ordered through the state public health laboratory at https://health.mo.gov/lab/index.php or https://health.mo.gov/living/healthcondiseases/communicable/novel-coronavirus/specimen-collection-supplies.php
Tackling High-Priority COVID-19 Challenges for Nursing Homes

• Reminder
  – IHI COVID-19 Rapid Response Network for Nursing Homes
    • The Rapid Response Network will feature a daily 20-minute National Nursing Home Huddle to provide real time, pragmatic solutions that can be implemented in nursing homes today to solve many of the key problems brought about or exacerbated by COVID-19. Call topics will reflect issues identified as most pressing by those providing care for nursing home residents including: access to personal protective equipment (PPE), lack of testing, hospital to nursing home transfers, staff illness and absence, and staff attrition. Please join us for our daily 20-minute National Nursing Home Huddle 12PM ET (9AM PT). The huddle will take place at the same time every weekday going forward, through October 2020.
